

INTRO

DOUBLE PLATINUM

SPONSORS OF TSANZSRS 2023

After three long years in the COVID wilderness, we are pleased to finally be back on the big stage for TSANZSRS 2023 in Christchurch!

The world has been through many changes, struggles, ups and downs over the past few years, but we now look forward to putting that all aside for four days to once again return to being face-to-face with all our customers.

This years event marks a special occasion for Bird Healthcare, as we *up the ante* for the first time to Double Platinum sponsorship. Part of our reasoning for advancing to Double Platinum was to show our appreciation to the market, first and foremost, but also to celebrate our cornerstone product, the Suregard filter. This year we celebrate not only two plus decades of Suregard but we are also celebrating the unveiling of the worlds first multi patented Suregard cardboard PFT filter.

It is thanks to your long standing support of our company and our Suregard product that this innovation has been made possible, as when you buy Suregard you don't just buy a filter, rather you invest in the growth and development of our products.

Twenty years ago, members of the ANZSRS Australian scientific community put the Suregard on the map when they helped advise on the products development which you all know, use and trust. Fast-forward to today and now our TSANZSRS community has once again continued to be part of creating something special and innovative; the worlds first cardboard PFT filter.

Many things over the past three years have changed in our industry. We have said goodbye to some old friends and faces from our community and we have also welcomed many new faces (we certainly have welcomed a few at Bird). But some things never change for us. We are committed, as always to providing quality products and service without compromise.

TSANZSRS Christchurch 2023 is our first opportunity in three years to say thank you and for those of you who have missed your sugar fix, rest-assured there will be more gingerbread birds available on our stand than you can imagine, so bring a second suitcase!

Bird Healthcare

SPONSOR AWARDS

Bird Healthcare is proud to once again support both the **New Investigator Award** and the **Best Poster Award**.

The **New Investigator Award** is intended to encourage presentation at the Annual Scientific Meeting from new members of the Society and those who have had limited opportunity to participate in research during their careers as Respiratory Scientists/Technologists. The award recognises the top presenter of clinical research and assessment of respiratory function.

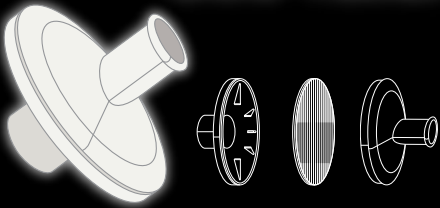

The **Best Poster Award** celebrates the great initial impact a researcher has made in research and investigations. These awards are to encourage research and subsequent presentation specifically by those members without a history of previous Scientific Meetings or who are new to the profession.

Good luck to all the presenters for Christchurch 2023

EXCITING NEW ECO-RANGE PRODUCT LAUNCH

eco filter

eco spacer

Introducing the worlds first multi patented cardboard PFT filter the Suregard Eco.

Come visit our stand to learn more about our exciting new range.

TREMOFLO C2 GLOBAL LAUNCH

Australia's NO.1 Oscillometry device has just got so much better. Introducing the C2, a smaller, lighter and feature packed new Tremoflo from Thorasys. With a range of new communication options and touch screen (on user side, not patient side) the C2 takes oscillometry to a new level of sophistication whilst maintaining the reputation of precision and robustness associated with the C-100.

THE FLOCK

come and see us at stand 60-65

Our flock has grown to support our growing customer network across Australia and New Zealand. We now offer the largest and most supportive national team of Respiratory and Sleep sales, clinical and support specialists

Come say hello to the team

CLOSING DRINKS

Official ANZSRS

Closing Reception

Bird Healthcare is once again sponsoring the official closing reception for the TSANZSRS and like the Gold Coast event in 2019, the event will not disappoint!

This year we are heading to the Kaiser Brew Garden, which is only a short walk from the conference centre. There will be live music, entertainment, food, drink and the announcement of our conference Prize Draw.

This will be the perfect opportunity for everyone to let their hair down after what is to be a stellar lineup of presentations and discussions over the course of the weekend.

Your entry ticket to the event is our very own Bird Healthcare Bavarian hat which we will have on our stand and at the door of the venue. So be sure to come grab one.

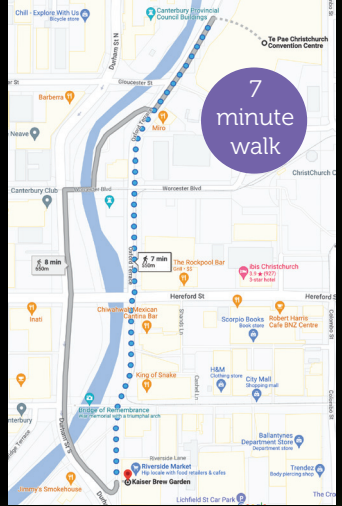

We look forward to seeing you there.

PROST!
